

## Data on Independent Cities

Since the USACA Award started, counties that have been absorbed include Prince Ann, Norfolk and Nansemond in Virginia; Ormsby in Nevada; and Washabaugh in South Dakota. Carson City, Nevada is now considered an Independent City. Richmond County, NY is now called Staten Island County and Shannon County, SD was renamed Oglala Lakota, County. Three new counties have been added: Cibola, New Mexico, La Paz, Arizona and Broomfield, Colorado. Thus we now have 3077 counties.
